Subject: Request to purchase of IRC Publications through online

Sir,

The Indian Roads Congress is the Apex Body of Highway Engineers in the country working under the Ministry of Road Transport & Highways mandated to bring out Standards, publishing manuals relating to the design, construction and maintenance of roads and bridges including technology, equipment, research and planning etc. The various Technical Committees, in which experts from various disciplines are taken, work hard in drafting and bringing out these publications. The draft of publications are extensively and thoroughly discussed and subsequently modified in light of comments received from various stakeholders including members of technical committees, Executive Committee and Council of IRC.

In order to popularize modern ideas and latest technology on road development, construction of concrete bridges, accommodation of utility services on roads, design of rigid pavement and maintenance of highways, IRC have brought out very useful publications, a list of which is enclosed herewith. Every highway engineer must have a copy of the same for reference and guidance as these will prove to be very useful and provide new methods for maintenance and construction road and bridge. You are, therefore, requested to send the requirements in bulk of these publications and issue instructions to the Divisions under your jurisdiction to send a consolidated requirement to the IRC.

The enclosed list of publications brought out by IRC contains the price of the publications alongwith the postage and packing charges. It is requested that wide publicity may be given about these publications of IRC.

The Indian Roads Congress had started all IRC Publications for Sale online also to IRC Members and Non-Members in PDF format and Hardcopy.
